## FARMINGTON FRUIT TO BE EXPORTED THIS YEAR

Denver Commission with London and French Connections Proposes to Send Choice Selections Abroad.

**Farmington, N. M., July 18.—**The Farmington Fruit Growers' association has concluded delivery of its entire fruit crop this year through one of the largest Denver commission houses which has extended European connections and which will use the selected portion of the San Juan spruce crop for export to England and France.

### AZTEC MAN LOSES ALL IN GUADALAJARA MIX UP

Aztec, N. M., July 18.—Day H. McCoy, formerly of this place but for the past ten years a resident of San Mexico, arrived here with his wife and two little sons this week. Mr. McCoy was half owner in three business establishments at Guadalajara, but did not manage that he would have to abandon his possessions. He went off on a 200-mile railroad trip to see for himself how conditions were. Mexican soldiers refused to let him return to Guadalajara and gave him transportation to San Francisco.

As soon as he reached the United States, Mr. McCoy got into communication with the authorities at Washington regarding his wife and children. Through them his wife and children were sent to Galveston, where Mr. McCoy hurried to join them and bring them to his old home in San Juan county, under protection of the stars and stripes.

"You have no possible idea how beautiful our country's flag is until you go through my experience," said Mr. McCoy. When the troubles of our sister republic are settled, Mr. McCoy expects to return to his property at Guadalajara.

### CLOUDCROFT MAN KILLS A BIG BEAR

**Cloudcroft, N. M., July 20.—**A large mountain bear, weighing about 400 pounds, was bagged in Eight-mile canyon by Oscar Shewell, partner in the waterworks plant. The bear with its mate was tracked by dogs to a patch of wild blackberries. When Shewell came upon the two bears, both attempted to escape. A well directed shot from a Winchester brought down one, the other making good its retreat.

Bears are reported numerous in the mountains in this section and are giving stockmen considerable trouble. Several have been seen in the past few weeks, having come down from the remote canyons to feast on wild berries on the mountainside.

Wild pigeons are also more plentiful in the Sacramento this year than ever before. Around Mountain Park flocks of the pigeons are giving orchardists grave concern, and are damaging cherries to some extent. However, hunting parties are fast making tracks on the docks and the pigeons are beginning to become extremely shy.

An umbrella with the handle so joined that the center is carried over the head of the person using it has been patented.

### A NURSE TAKES DOCTOR'S ADVICE

**And is Restored to Health by Lydia E. Pinkham's Vegetable Compound.**

Ephemeris, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old."

"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years."

"The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been blessed with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it."

"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot over estimate the value of good health. I have now earned a comfortable little home just by sewing and nursing. I have recommended the Compound to many with good results, as it is excellent to take before and after child birth."—Miss EVELYN ABELLA STEWART, Ephemeris, Ohio.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

### New Mexico Politics and Political Activity

Of all the northern counties of the state Taos will have the most interesting campaign. In addition to the state candidates and its members of the legislature, Taos county will have to elect a sheriff and an assessor to fill vacancies in those offices. The competition for these offices, now filled by appointment, will be keen. Fred Lewis, member of a large mercantile firm at Taos, is being discussed as a candidate for the legislature on the Democratic ticket.

L. W. Carttton, candidate for the Democratic nomination for the house in Roosevelt county, announces that he believes in acts rather than words. He says he is untrained by Hepplewhite, populism or socialism.

J. E. Wimberley, of the Hagerman Messenger, announces that he will be a candidate for the legislature from Chaves county. The Roswell News says it knows of no law which can prevent it.

Guy A. Reed is one of the most active candidates for the legislative nomination in Eddy county. He is a resident of Carlsbad and an active party worker.

The Republican Artesia News says it is unlikely that any candidate for district judge will be named by the Republicans of the Pecos Valley.

The sentiment of the entire country seems to be in favor of the re-election of Judge Granville A. Richardson, and as he will undoubtedly be the Democratic nominee the Republicans will be very well satisfied. He has made a good record in the short time he has been on the bench and all probability will have no opposition in the Democratic primaries.

The Union county Democratic convention has been called to meet at Clayton at 2 o'clock in the afternoon of August 5th. The precinct primaries may be held not later than July 29th, the precinct officers stipulating the manner of holding the primary in each precinct.

The Santa Fe county Republican convention is to be held August 15th. It has been postponed until that date so that United States Senator Carothers may leave his arduous duties in the senate and get home to make the keynote speech and preside in his home neighborhood.

The Raton Reporter, commenting on the mention of H. L. Bickley as a possible Democratic nominee for congress, quotes Mr. Bickley as saying he is too busy arranging a good water supply for Raton to worth being a candidate.

The Colfax county Democratic convention will be held Saturday, August 8th in Springer. The precinct primaries will be held August 1st.

The Mora county Democrats will hold their convention on July 21, to name delegates to the state convention and nominate legislative candidates. Rafael Romero, assistant secretary of state, and E. H. J. Roy are being talked of for the nomination. Republicans are considering Frank

Fred W. James of Cloud being urged as a candidate for the legislature from Curry county. The St. Vein Journal declares its conviction that W. W. Nichols, who served the county in the last house, should be renominated.

Edmonson B. Link & Co. last week shipped two cars of cabbage from Mesilla Park to Florida jobbers. Prices paid are said to have been \$1000.

Managers of the Arizona state fair have planned an endurance race for motorcycles which will run from Phoenix to Springerville and return. Each town along the way is to be asked to put up \$50 as prizes for the three racers arriving best in that town.

Clyde, the 15-year old son of Mr. and Mrs. W. H. Nestor, of Roswell, Curry county, was drowned last week while bathing in one of the small lakes of the section.

Deputy Sheriff Lyman Garrett Wednesday shot and killed a Mexican laborer at Hurley, Grant county, when he was forced to fire into a gang of men who were attacking a fellow officer. Deputy Sheriff Redding, who had tried to arrest one of the men for disorderly conduct, Francisco Arata, was the dead man's name.

Claude and Ray Watkins, arrested same time ago for robbing the post office at Alma in western Socorro county, have been held in the U. S. grand jury in \$1,000 bond. They are in jail in default of the bond. The bailiffs are 14 and 16 years old and took \$54 from the post office.

J. Burns, an inmate of the Keno carnival, was arrested last week in Raton on a charge of forgery. The check used by Burns was one supposed to have been signed by an officer of the Colorado Mercantile company of Trinidad.

Sheriff Hixenbaugh of Cimarron county raided a number of alleged gambling games in Raton last week.

### SILVER CITY MAN IS ABLE TO PROVE IT ON CITY

After a second meeting of the Curry county Democratic committee it has been determined to hold a county convention for the election of delegates to the state convention for which dates were set by the committee.

Capt. Chas. A. Reynolds of the federal land office at Roswell is being discussed as a legislative candidate from Chaves county.

W. A. Hayener, chairman of the Curry county Republican committee, has called a meeting at the courthouse in Clovis for August 1st to elect delegates to the state convention in Santa Fe. It is understood the Curry county men will come over instructed for W. H. Andrews, who will those from Roosevelt county. Andrews already has the Eddy county delegation and will have that from Chaves county, his friends claim.

The Progressive state central committee will hold a meeting July 23d in Santa Fe to determine where it is.

The Otero county Republican convention has been set for the afternoon of August 8th in Alamogordo.

Newspaper rumor has it that J. Wright Giddings, former editor of the New Mexican, and now talked of as the editor of Frank Stappin's proposed standup newspaper, will be a candidate for the legislature from Santa Fe county on the straight Republican ticket.

Chairman William S. Brady of the Republican county committee of Lincoln county has called a convention in that county to name delegates to the state convention and legislative candidates to be held in Capitan on the first day of August.

San Juan Republicans will hold their convention on Saturday, August 13th, according to a call issued last week by George F. Brunington, the acting chairman.

The San Juan county Democrats will hold their convention at Farmington August 16th. There are several candidates for the legislative nomination.

William Butler, the veteran editor of the Farmington Times-Herald, is being urged to run for the legislature from San Juan county.

The Mora county Republican convention will be held at Mora, the county seat, on August 13th.

Charles Kohn of Montoya, chairman of the Quay county Republican committee, has been in Tucumcari to see what can be done toward starting something in the way of Republican activity in Quay county this year.

Fred W. James of Cloud is being urged as a candidate for the legislature from Curry county. The St. Vein Journal declares its conviction that W. W. Nichols, who served the county in the last house, should be renominated.

The San Juan county Democrats will hold their convention on July 21, to name delegates to the state convention and nominate legislative candidates.

Rumors that James Kurn, former general superintendent of the Santa Fe and now general manager of the Toledo, Ironton and Detroit railroad, would resign to take charge of investments in the west, is denied by friends of Mr. Kurn who say he has no intention of leaving railroad work.

County commissioners of Quay county have contributed \$500 to the support of the annual county fair at Tucumcari to be held this year in September so the pick of products may be taken to the state fair.

Ray, a four-year old son of Mr. and Mrs. Richard Hamilton, was drowned last week at the family home 25 miles south of Roswell by falling in a mud puddle. The parents found the child dead in water but a few inches deep.

The Woman's club of Artesia proposes to hold a children's fair in September. Price for best garden, new and cooking are to be the features.

Everett, the ten-year old son of Mr. and Mrs. E. D. Bruce of Monroy, Quay county, was killed last week by the kick of a horse. He was trying to ride the horse, usually a gentle animal, when it kicked him, breaking his neck.

The three-year old son of Mr. and Mrs. P. N. Skow of Carrizozo was bitten by a rattlesnake last week and had a narrow escape from death, through prompt treatment.

Clyde, the 15-year old son of Mr. and Mrs. W. H. Nestor, of Roswell, Curry county, was drowned last week while bathing in one of the small lakes of the section.

Deputy Sheriff Lyman Garrett Wednesday shot and killed a Mexican laborer at Hurley, Grant county, when he was forced to fire into a gang of men who were attacking a fellow officer. Deputy Sheriff Redding, who had tried to arrest one of the men for disorderly conduct, Francisco Arata, was the dead man's name.

### WHEAT HARVEST ON EAST SIDE IS IF BACK HURTS BEGIN ON SALTS A WONDER

Mountainair Reports Many Farms Returning Forty Bushels to the Acre. Missouri Man Buying Land at Melrose.

Mountainair, N. M., July 29—Wheat harvest has begun and the biggest and best crop in the history of the country will be harvested. Some of it will make as high as 40 bushels to the acre of a fine quality, and a great deal will run from 25 to 30 bushels. Corn will soon be in roasting ear and beans that have been well cultivated promise an abundant yield. Good showers continue and this begins to look like the bumper crop year for this side of the mountains.

Alfonso Chaves has a field of oats just beginning to ripen that will average about six feet high. Hiram Hollon has a field of oats that have been cut once for food and the second crop is now about two feet high. H. C. Mossley is just harvesting his rye and has saved a large bundle for the display at the state fair. They measure nearly six feet in height, with large, well filled heads. These are all non-irrigated crops and indicate what can be raised here by proper methods of cultivation.

L. L. Lorey and Edgar Dugham, who left here last fall rather discouraged with their farming experiments, have returned to stay. T. N. Hollon and W. A. Spies, two good farmers who had sold most of their lands intending to leave, have changed their minds and will stay and fight it out. Mr. and Mrs. Howell and Griffin, who have been in the land for the past year, have returned to make their home. C. G. Lorey, who went to Arkansas in the spring, writes that the drought burned up his crops and he wishes he was back in the land of soft sunshine, pure water and the inevitable "manana."

Missouri man buys land around Melrose

Mr. Bolin of Missouri, who was here several weeks ago visiting his son Fred near McAlisters, has returned to his home in Missouri to wind up his affairs there preparatory to moving to eastern New Mexico. He expects to invest largely in farm land if he is understood. His son Fred already owns several quarter sections and closed a deal Monday for another quarter section at \$725. The land being located about twenty miles from town. His sister, Mrs. Charles Vance, closed a deal last week for a quarter section twenty-five miles northwest of here, paying \$500 for the quarter. Mr. Bolin said Monday that if he had the money to buy it it wouldn't be long before all the land offered around the price he paid for his last purchase would be sold to him. And he ought to know something about land values as he has been in the country for several years and has made a success farming. Young Mr. Bolin is a wheat grower in the McAlisters district and has a splendid wheat crop this year. He is the man who will grow rich farming in New Mexico.

Improvements are the order of the day here. Lowe and Hahn, the coal transfer and forwarding agents, have purchased from Bowdrie and Eno the Silver City public warehouse and carrels owned by them. The east end of the property will be rebuilt with commodious offices and garage in mission style to conform to the new Santa Fe station which adjoins. With the completion of these two buildings the very unattractive approach to the city will be almost done away with.

The sanatoriums here are great supporters of the ball team, many of the patients never missing a game. They not only attend the games at Silver City but follow the team around the circuit. Dr. O. T. Hyde, the medical director of St. Joseph's is president of the local club and is such an ardent fan that he has been nick-named "Connie Mack." Dr. and Mrs. Bullock and Mr. and Mrs. Wayne Mac V. Wilson, of the Cottage sanatorium, are devotees of the game, seldom, if ever, missing an exhibition.

Friends of Howard F. Dupuis were shocked to learn of his death in Detroit on Monday following an operation for appendicitis. Mr. Dupuis had lived here for almost two years, during which time he made a complete recovery from an incipient case of tuberculosis. He was in splendid health when he left in May. On his way east he stopped at Albuquerque with his friend T. B. Fontaine and they were entertained at the Commercial club. To beat tuberculosis and then to have appendicitis carry one off is hard luck indeed.

All towns and cities purposing sending delegates should begin to send in their hotel reservations, it was announced today at the good roads headquarters, in order that the visitors may be sure of getting accommodations. Arrangements have been made to quarter any overflow from the hotels in one of the local private school dormitories and in private residences, but it is essential that the officials of the association know how many delegates they will have in order to engage sufficient of those.

Climax is the latest city to ask what it can do to show the delegates a good time on their way to the meeting and arrangements are being made for the holding of exercises which will set that community into the picture films even though it is off the direct route of the motorcade.

Knights of Columbus Meeting.

There will be a meeting of Albuquerque Council No. 541, Knights of Columbus this evening at 8 o'clock at Odd Fellows hall. Visiting members always welcome to attend.

A SKIN OF BEAUTY IS A JOY FOREVER

ORIENTAL CREAM  
OR MAGICAL BEAUTIFIER**

Santa Fe, N. M., July 21.—If responses from different cities over the state to letters asking how many delegates they are going to send to the coming good roads meeting are any criterion, the attendance is going to eclipse anything of the sort at any former meeting in New Mexico. Roswell, Alamogordo, Mescalero, Las Cruces and Tucumcari have all promised delegations, not to mention the thirty auto loads that Albuquerque boosters say they will send as a minimum.

The most hearty response has been had from every community approached.

Dr. T. A. Sayre said to a lady of the hostess family, "I am glad to find that you are using Dr. Gouraud's Cream as the least harmful of the skin preparations." At druggists

and in all drug stores.
